

Preamble

NorWest Community Health Centres is a well-established primary health promotion and prevention organization providing service to communities and individuals in the district of Thunder Bay. We are governed by a Board of Directors that represent different constituencies and populations that we serve. The Board requires a range skills and experience that will lead the effective governance of the organization.

The Board operates under a Policy Governance Model (Carver), which addresses and focuses on issues, and does not involve itself in operations. As a potential board member, please complete this application to illustrate your areas of interest as this will ensure there is representation on the board that represents the communities we serve.

If you have any inquiries, please contact NorWest Community Health Centres CEO, Juanita Lawson at 807-626-8482 or jlawson@norwestchc.org
