

PRIORITY AREAS OF FOCUS

Our ends will be achieved through these four areas of strategic focus over the coming four years.

Improve health access and outcomes for vulnerable populations through data evidence informed and outcome and equity driven decision making, programming and partnerships

Provide a work environment that fosters health and wellness and enables people to learn, grow and excel

Maximize and enhance health resources in the community through intentional collaboration, integrated service planning and delivery and targeted advocacy and policy work

Leverage growth opportunities that promote financial stability, build up infrastructure and technological capacity and enhance service and program quality
