

4-AcO-DET

4-ACETOXY-DET, ETHACETIN, ETHYLACYBIN

.....WHAT IS IT?

A synthetic psychedelic tryptamine derived from DMT.

CUTTING AGENT IN:

Found locally to be cut into some opioids and methamphetamine. This is uncommon elsewhere.

WHAT WILL IT DO?

Acts as a hallucinogen causing hallucinations, euphoria, dry mouth, restlessness, agitation, GI upset, and muscle tension.

CAN I OVERDOSE ON 4-ACO-DET?

NO! You cannot overdose on this drug however, you can overuse it and experience undesired neurologic effects.

TIPS:

- **Get your drugs tested! Start with a small amount!**
- **Do not use alone, if you are alone you can download the Lifeguard App**
- **Try to rouse the client & Call 911 if unsuccessful (administer Naloxone as it may also contain opiates)**
