

# MSM

CUTTING AGENT

## .....WHAT IS IT?

Also known as Methylsulfonylmethane or Dimethyl Sulfone. It is sold as a supplement over the counter. Can be used for anti-inflammatory or analgesic purposes.

## CUTTING AGENT IN:

Found in stimulants, opioids or other street drugs.

It will reduce the quality of your drugs!

## WHAT WILL IT DO?

**May give anti-inflammatory effect while increasing glutathione levels. May cause abdominal discomfort or diarrhea.**

## CAN I OVERDOSE ON MSM?

**NOT EXACTLY!** You cannot overdose on MSM alone however, you may overdose from drugs it is cut into.

## TIPS:

- **Get your drugs tested! Start with a small amount!**
- **Do not use alone, if you are alone you can download the Lifeguard App**
- **Try to rouse the client & Call 911(administer Naloxone as it may also contain opiates)**
